European
Green Transition

Building a Critical Infrastructure & Renewable Services Business

(AIM:EGT)

November 2026

Disclaimer

The contents of this presentation and the information which you are given at the time of the presentation have not been approved by an authorised person within the meaning of the Financial Services and Markets Act 2000 (the "Act") or by any regulatory authority or securities market or stock exchange. Reliance on this presentation for the purpose of engaging in investment activity may expose an individual to a significant risk of losing all of the property or other assets invested. This presentation does not constitute or form part of any offer for sale or subscription or solicitation of any offer to buy or subscribe for any securities in European Green Transition plc (the "Company") nor shall it form the basis of or be relied on in connection with any contract or commitment whatsoever. No reliance may be placed for any purpose whatsoever on the information contained in this presentation and/or opinions therein. This presentation is exempt from the general restriction (in section 21 of the Act) on the communication of invitations or inducements to engage in investment activity on the grounds that it is made only to and directed only at: (a) persons in the United Kingdom who have professional experience in matters relating to investments who fall within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order"); or (b) high net worth entities and other persons in the United Kingdom to whom it may otherwise lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order; or (c) in the Republic of Ireland, persons reasonably believed by the Company to be "qualified investors" within the meaning of article 2(e) of Regulation (EU) 2017/1129 or persons in the Republic of Ireland who are a "Professional Client" within the meaning of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (all such persons together being referred to as "relevant persons"). Any person (whether a relevant person or otherwise) is recommended to seek their own independent financial advice from a person authorised for the purposes of the Act before engaging in any investment activity involving the Company's securities. Any recipient who is not a relevant person should return this presentation to the Company's registered office and should not act upon it. By accepting this presentation and not immediately returning it, each recipient warrants, represents, acknowledges and agrees that it is a relevant person.

This presentation does not constitute or form part of any offer or invitation or inducement to sell, issue, purchase or subscribe for (or any solicitation of any offer to purchase or subscribe for) the Company's securities in the UK, US or any other jurisdiction and its distribution does not form the basis of, and should not be relied on in connection with, any contract or investment decision in relation thereto nor does it constitute a recommendation regarding the Company's securities by the Company or its advisers and agents. Nothing in the presentation shall form the basis of any contract or commitment whatsoever. The distribution of this presentation outside the UK may be restricted by law and therefore persons outside the UK into whose possession this presentation comes should inform themselves about and observe any such restrictions as to the distribution of this presentation. The Company has not registered, and does not intend to register, any securities under the US Securities Act of 1933, as amended or to conduct a public offering of any securities in the US.

This presentation is an advertisement and not a prospectus or admission document (or prospectus equivalent document) and prospective investors should not subscribe for or purchase any securities in European Green Transition PLC except solely on the basis of information in the final form of the circular to be published by the Company in respect of the matters referred to herein ("Circular") and those matters contained in previous regulatory news announcements released by the Company (together, the "public record"). Investors should not subscribe for or purchase any securities referred to in this presentation except solely on the basis of information in the Circular and the public record.

This presentation contains "forward-looking" statements, beliefs, estimates, forecasts and opinions, including statements with respect to the business, financial condition, results of operations and plans of the Company and its group ("Group"). These forward-looking statements involve known and unknown risks and uncertainties, many of which are beyond the Company's control and all of which are based on the current beliefs and expectations of the directors about future events. Recipients should note that past performance is not necessarily an indication of future performance and no assurance can be given that they will be attained. Forward-looking statements are sometimes identified by the use of forward-looking terminology such as "believes", "expects", "may", "will", "could", "should", "shall", "risk", "intends", "estimates", "aims", "plans", "predicts", "continues", "assumes", "positioned" or "anticipates" or the negative thereof, other variations thereon or comparable terminology or by discussions of strategy, plans, objectives, goals, future events or intentions. These forward-looking statements may and often do differ materially from actual results.

The significant risks related to the Company's business which could cause the Company's actual results and developments to differ materially from those forward-looking statements appear in a number of places throughout this presentation and include statements regarding the intentions, beliefs or current expectations of the directors of the Company with respect to future events and are subject to risks relating to future events and other risks, uncertainties and assumptions relating to the Group's business, concerning, amongst other things, the results of operations, financial condition, prospects, growth and strategies of the Group and the industry in which it operates. No one will publicly update or revise any forward-looking statements or any other information contained herein, either as a result of new information, future events or otherwise.

In considering the performance information contained herein, recipients should bear in mind that past performance is not necessarily indicative of future results, and there can be no assurance unrealised return projections will be met. Certain of the past performance information presented herein may not be representative of all transactions of a given type. Actual events could differ materially from those projected herein and depend on a number of factors, including the success of the Group's development strategies, the ability of the Group to obtain additional financing for its operations and the market conditions affecting the availability and terms of such finances.

The Company reports under IFRS. Where foreign currency equivalents have been provided for convenience in this presentation, the exchange rates applied are those used in the relevant financial statements from which the figures have been extracted. This presentation is confidential and is being supplied to each recipient of it solely for its information. While this presentation has been prepared in good faith, no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by the Company or by its officers, employees or agents in relation to the adequacy, accuracy, completeness or reasonableness of this presentation, or of any other information (whether written or oral), notice or document supplied or otherwise made available to any recipient. This presentation has been prepared to assist a recipient make its own evaluations and does not purport to be all-inclusive or contain all of the information a recipient may desire.

AIM: EGT EUROPEAN GREEN TRANSITION PLC

Building a fast-growing critical infrastructure & renewable services business

Medium term target - £50 million revenue and double-digit EBITDA margin

Critical Infrastructure

Non-discretionary services for energy, renewables & critical infrastructure

Recurring Revenue

Long-term contracts delivering predictable, repeatable revenues

Long-Term Growth

Resilient multi-year services that keep critical networks operational

Capital Light

Targeting strong free cash flow generation with low capital intensity

Strategic M&A

Disciplined bolt-ons funded from existing cash resources

Progressive Dividend

Committed to progressive dividend – 5% growth pa

EGT's Wind Services Acquisition

Transformational acquisition – Q1 2026

Transformational Acquisition

Wind Services business acquired in February 2026 at an attractive multiple

£3.5m

cash-free, debt free

Strong H1 Revenue Performance

Group revenue of £6.8m in four months since completion – £8.6m for 6-month period*

£8.6m

H1 revenue*

Balance Sheet Strength

£7.5m fundraise contributed to strong cash position providing opportunity for organic and M&A growth

£5.8m

Cash as at 30 June 2026

Significant Repowering Opportunity

Heads of terms signed with 69 clients, plus c.280 qualified prospects amongst existing clients

£126m

Qualified pipeline

*6-month period to 30 June 2026

EGT’s Wind Services Business

O&M coverage across the UK and Ireland

900+

Turbines under service

Multi-brand

Endurance, Vestas, WTN, NPS

O&M

Servicing, major component & repowering

80

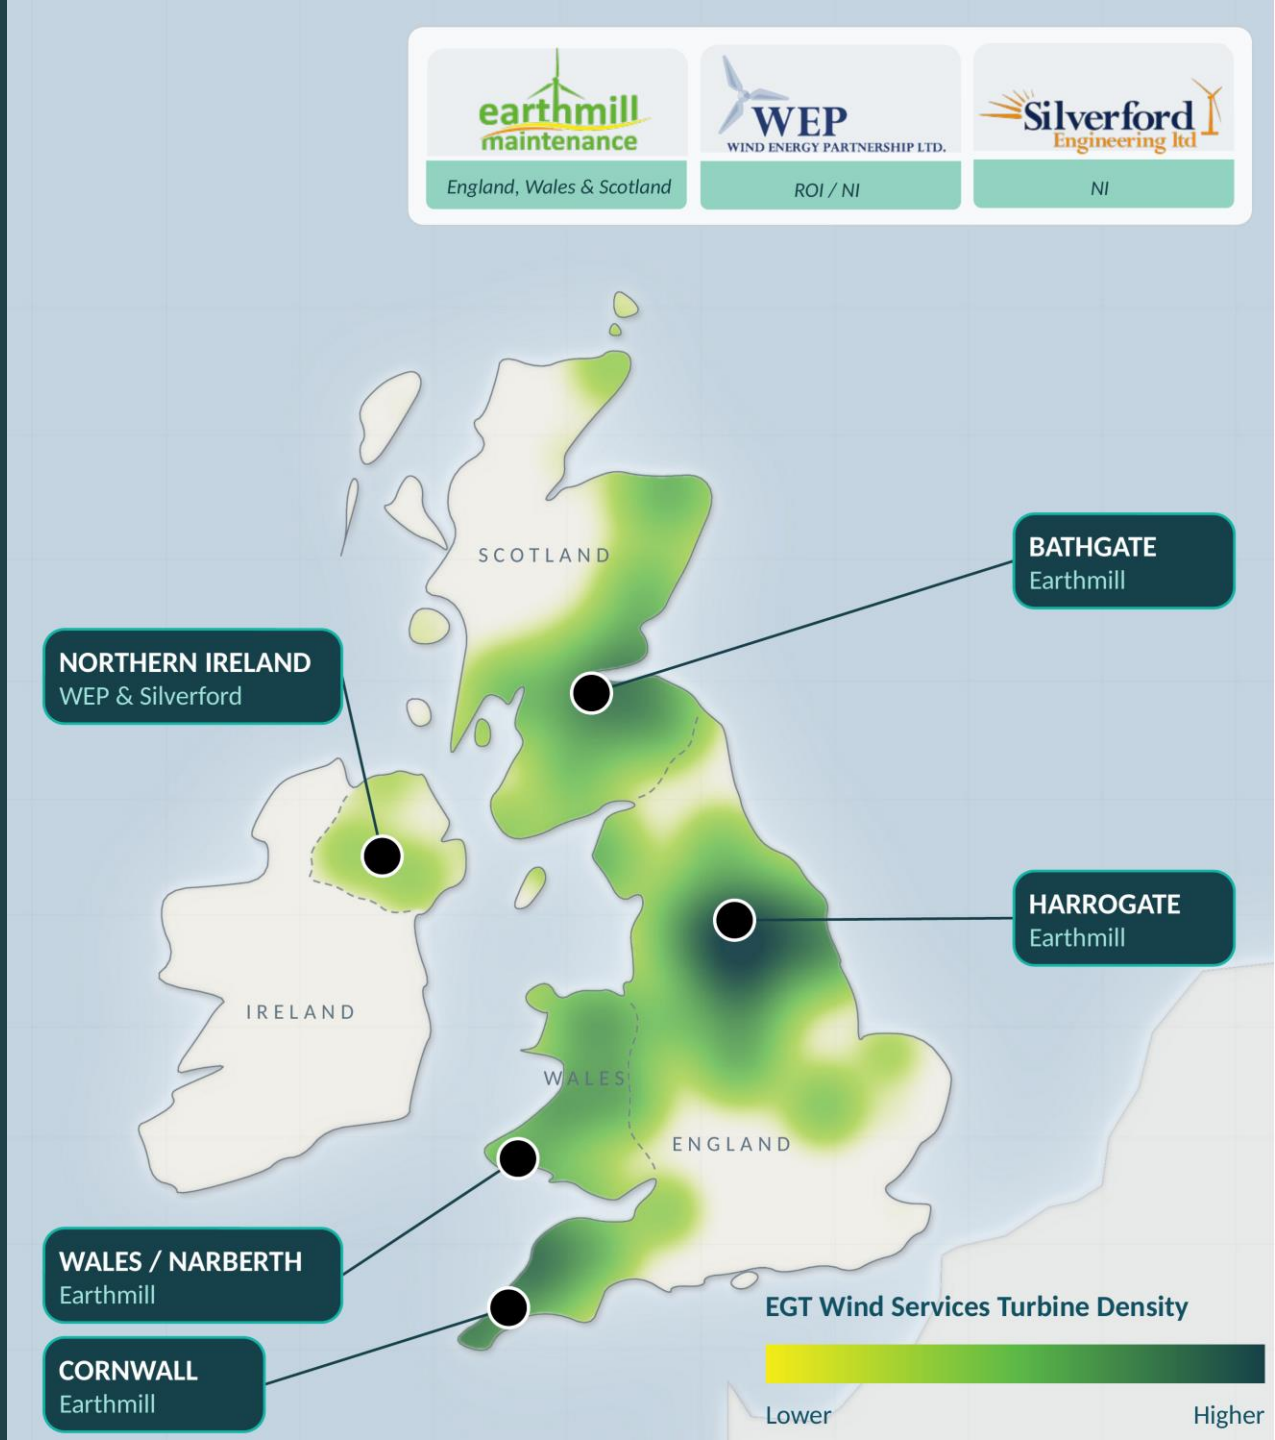

Operational team

5

Locations across UK & Ireland

24/7

Monitoring, analytics & reporting

Repowering

A key growth driver with strong demand across the UK market

WHAT IS REPOWERING

Repowering upgrades ageing turbines and materially lifts energy output

WHY REPOWERING CREATES VALUE

01 Higher output, stronger returns per asset

02 Reuses existing sites and grid connections

03 Protects feed-in tariff & ROC subsidy revenues for turbine owners

04 Adds 15–20 years to an asset’s life

Earthmill Repowering Case Study

2×

REPOWERING DOUBLED ANNUAL GENERATION

937,000 kWh a year, up from 440,000 kWh

CHALLENGE Severe storm damage caused catastrophic failure of a Vergnet 250kW turbine; the owner needed a fast, financially viable return to generation

SOLUTION Full repowering with a refurbished Vestas V47, downrated from 660kW to 250kW to match grid limits

OUTCOME Retained the full FiT, avoided grid upgrades and more than doubled annual generation

£388,000/yr

Annual revenue

from £176,000/yr

3.5 years

Payback period

plus ~3.5 further years of FiT revenue

2 years

Warranty

OEM-backed warranty included

15–20 years

Asset life extension

typical from repowering

Repowering – A £126m Pipeline Opportunity

PIPELINE CONVERSION*

~280 Qualified prospects across existing client base

69 Heads of terms signed

c.25% of prospects converted to date

33 Planning approvals granted

23 Projects commenced

11 Repowers complete

WHY NOW: MARKET DRIVERS

- Positive UK Government policy change
- Geopolitical volatility & energy security
- Ageing turbine fleet
- Maximise FiT and ROC revenues
- Deployment targets – 30GW by 2030

Each repower converts into a multi-year O&M revenue stream

Anemos Analytics

79% interest in an advanced condition monitoring & predictive software platform

24/7 monitoring

Real-time condition monitoring

136 turbines

Under contract as at 30 September 2026

Asset life extension

Large addressable market of post-OEM warranty turbines

Key Operational Milestones & Near-Term Growth Drivers

OPERATIONAL MILESTONES

94-turbine Drax renewal

Revenue visibility to 2031

New Cornwall base

Faster South-West engineer deployment

CWE contract for Anemos

8 Vestas turbines with institutional client

NEAR-TERM GROWTH DRIVERS

500+ Vestas turbines

c.50 sub-1MW sites leaving OEM warranty

Battery storage partnership

New commercial opportunities

PPA partnership with PPAYA

Renewable PPAs for Earthmill customers

Investment Case: Targeting £50m Revenue & Double Digit EBITDA Margins

ESTABLISHED CORE BUSINESS

900+

Onshore turbines served across the UK & Ireland

£8.6m	Wind Services revenue in H1 2026
£5.8m	Group cash at 30 June 2026
Debt-free	Balance sheet at 30 June 2026
£17–18m	2026 Wind Services revenue expectation*

EXPANSION 1

Organic growth & service expansion

- Sub-1MW wind farms – 500+ Vestas turbines
- Larger institutional client base
- Condition monitoring – Anemos Analytics
- Battery & optimisation partnership
- PPAya PPA partnership

REPOWERING 2

Repowering conversion & delivery

- £126m opportunity
- ~280 qualified leads
- 69 heads of terms signed
- 23 projects commenced
- 11 repowers completed
- Financing partnerships
- Expansion beyond client base

M&A 3

Disciplined M&A strategy

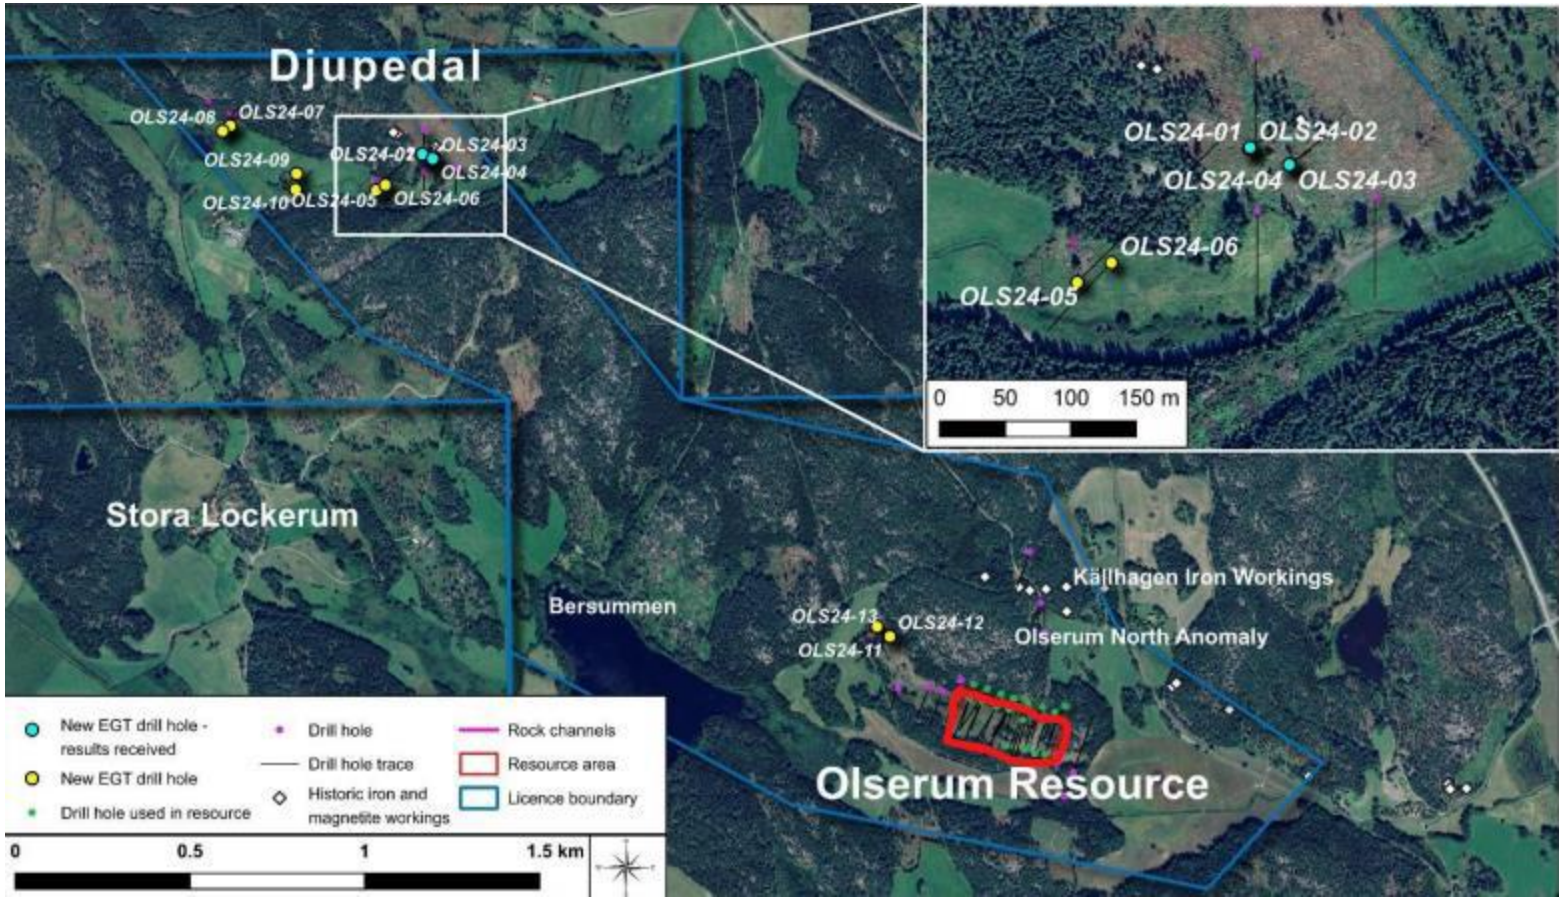

- Pipeline of bolt-ons
- Broaden capabilities & geographic footprint
- Funded from existing cash resources
- Critical infrastructure
- Renewable services
- Grid & electrical services

Focused on delivery of the medium-term target of £50 million revenue and double-digit EBITDA margin

Questions

Olserum | European REE Project

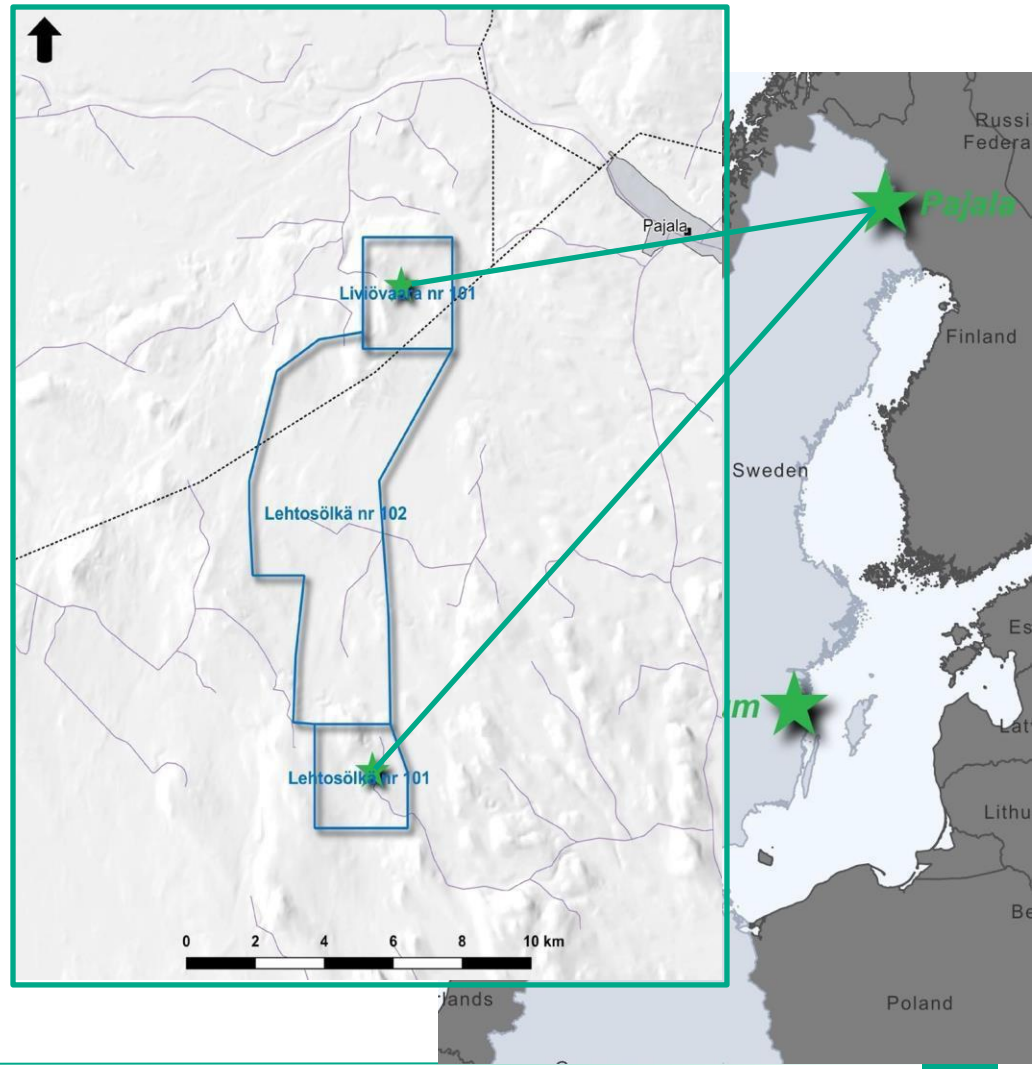

- Located in southern Sweden and **100% owned by EGT**
- Designated as a Project of '**National Interest**' for REEs with historic resource estimate
- 1,500m drill program in 2024 **confirms district scale REE system**
- **Project is de-risked** for incoming acquirer/partner
- Roadmap to obtaining **25-year mining licence**
- **Positive metallurgical results**
- **Key licenses** extended **to June 2029**
- Currently **no active REE mine** in Europe presenting a huge opportunity
- Monetisation discussions ongoing

Olserum drill hole map showing EGT drill holes from 2024 drill programme

Pajala | Copper & Graphite Project

- **Confirmed copper & graphite zones** from historic drilling in a poorly explored permit area of 51.17 km²
- Well-established mining regions with **abundant renewable energy** and close to infrastructure and transport
- **Exciting copper potential at Liviovaara**
  - Potential for **IOCG copper target**
  - **Significant copper mineralisation** across several holes
  - **Anglo American drilled 9 holes** for a total of 1,769m intersecting interesting grades of copper
    - e.g. 10.75m @ 0.5% Cu and 310 ppm Co (hole 01LIV009)
- **Strong copper market supporting ongoing monetisation discussions** with third parties for sale or partnership
